## 7.4 Stainless Steel JERRY CAN

### PRODUCT INFORMATION SHEET

“You Choose... Water, Diesel or Fuel”

#### PRODUCT TIPS

Always remove breather plug when filling or emptying jerry can.

Ensure Filler Cap is firmly secured before transporting or travelling with jerry can.

Ensure ‘O-Ring’ seal is free from foreign objects before tightening flexible nozzle onto jerry can to prevent any fluid loss while pouring contents from jerry can.

#### SAFETY PRECAUTIONS

- Never change between fluid types in Jerry Can once initially used on any liquid other than water.
- Clearly mark substance contained in Jerry Can, using the labels provided with Jerry Can.
